Margaret (Peggy) Hartshorn and her husband Mike grew up in Lancaster. The Lord called them to help women and save the unborn soon after Roe v. Wade. In 1981, they founded PDHC. Peggy now serves as the Chairman of Heartbeat International, raising up leaders around the world.

Sol Pitchon is a Jewish-Christian and son of holocaust survivors. Thousands of people have been inspired by his family's story. Sol feels it is his destiny to work in the pregnancy help movement against the holocaust of abortion.

**Peggy and Sol are instrumental in saving hundreds of thousands of lives
and are impacting multiple generations.**
